4. Remember to turn off the equipment and power before leaving the classroom.
5. Students should make full use of time in class, if need extra time to use classroom, please ask the staff in advance.

5 Students Need-to-know:

1. During the course, it is strictly forbidden to tell the password of classroom to people who have nothing to do with the course. Please take good care of your belongings. Do not leave valuables in the studio in order to avoid loss.
2. During the course, the teacher will adjust the content and schedule of the course according to the actual situation of the class. Please understand and cooperate with teacher.
3. We will provide you with necessary materials and tools, as well as necessary kiln firing services according to the course. If you need other materials and tools, please buy them by yourself. If the firing cost exceeds the necessary range, you should bear it by yourself. (Please consult the course director in advance if you have any questions)
4. During the course, please take good care of the teaching tools provided for you. If there is any damage, you need to compensate for the corresponding expenses.

6 Storage of works

At the end of the course, for the works that students can't burn or take away, the treatment methods are as follows:

1. If students do not have time arranging final high-temperature firing or second firing/enamel firing for their works; if the firing times do not exceed the curriculum requirements, the International Studio will assist the students to complete the final firing. If the number of firing times exceeds the prescribed number, the firing fee shall be paid by students themselves.
2. If students need to continue to create on unfinished works, they can continue to finish the work in the classroom within 2-3 days after the end of the course if there is no other arrangement in the classroom.
3. If students cannot take away finished works due to special reasons, International Studio could provide the service of contacting persons to pack and send them away, but the students need to pay for the packing and sending fees.
4. For the semi-finished / finished works left in the classroom, the staff of International Studio will keep them for half a year for the students, and will deal with them after the six-month time limit.

7 Firing regulation

In the International Studio off-line Masterclass Courses, the firing atmosphere and temperature will be adjusted according to the specific course. Usually, the students will be given two free firing: bisque firing (850 °C) and high temperature firing (1320 °C), , it is collectively fired for students during the firing period.
